

Cultana - LV Switchboards

Cultana Training Area

CLIENT:	Electrical Data and Security Services Pty Ltd
LOCATION:	Cultana, South Australia
PROJECT VALUE:	\$94,753.00
CONTRACT PERIOD:	7 Months
COMPLETION DATE:	December 2018

PROJECT DESCRIPTION

Switchboard Innocations (SBI) were recently involved in the Cultana Training Area Redevelopment in South Australia. Cultana Training Area is an Australian Army training area on northeastern Eyre Peninsula in South Australia between Port Augusta, Whyalla and Iron Knob. Switchboard Innovations were engaged to complete the design and documentation of the MSB and LV Switchboards as well as all project management and supervision of tasks carried out. SBI supplied, delivered and installed the switchboards built.

Switchboard Innovations were pleased to have been a part of this major upgrade.
